Data sheet

PHOENIX LARGE TRUNK

Reference : 10577-71

Product photos

Description

Artificial PHOENIX LARGE TRUNK, comprising 28 plastic palms and a fibreglass trunk 160 cm long and 13 cm in diameter. Head height 138 cm. The head should be fitted with a silicone seal on the trunk to prevent water infiltration. The base is a PVC pot measuring 23 cm in diameter and 20 cm high. It is in 2 parts: head and trunk. Suitable for outdoor use, but protected from the wind. The original pot must be pierced to allow water to drain out. It should be attached to the decorative planter, creating drainage to prevent water stagnating at the foot of the plant.
