WILLOW AMERICAN PLAST

Reference : 11395-71

Product photos

Description

Artificial AMERICAN WILLOW PLAST, comprising 1740 leaves, with a PVC pot at the base. Suitable for outdoor use (sheltered from the wind), but the wooden trunk must be treated with a water-repellent product. The original pot must be pierced to allow water to drain out. It should be attached to the decorative planter, creating drainage to prevent water stagnating at the foot of the plant. Wood is a living material. Outdoors, it is perfectly normal for wood to peel. Simply maintain it with light brushing, then reapply a water-repellent varnish.
