

Data sheet

CYPRESS (juniperus vj) MINI NEW

Reference : 17463-72

Product photos

Description

Artificial MINI CYPRESS (juniperus vj) NEW, with a 30 cm spread, at the base is a pot 17 cm in diameter and 15 cm high. The original pot must be pierced to allow water to drain out. It should be attached to the decorative planter, creating drainage to prevent water stagnating at the foot of the plant. Wood is a living material. Outdoors, it is perfectly normal for wood to peel. Simply maintain it with light brushing, then reapply a water-repellent varnish. Suitable for outdoor use. UV resistance guarantee: 2000 hours (hours of sunlight), i.e. approximately 2 years.
