Data sheet

LAUREL (BAY) NEW BALL UV

Reference : 10177-UV71

Product photos

Description

LAUREL NOBILIS NEW BALL 85 UV Artificial, with a 16.5 cm diameter pot at the base and a height of 15 cm. The first branches are 38 cm from the bottom of the pot. The original pot must be pierced to allow water to drain out. It should be attached to the decorative planter, creating drainage to prevent water stagnating at the foot of the plant. Wood is a living material. Outdoors, it is perfectly normal for wood to peel. Simply maintain it with light brushing, then reapply a water-repellent varnish. Suitable for outdoor use. UV resistance guarantee: 2000 hours (hours of sunlight), i.e. approximately 2 years.
