

Newsletter N1 - January 7th 2022

Hello,

First of all, I wish you a very happy New Year 2022, full of new projects.

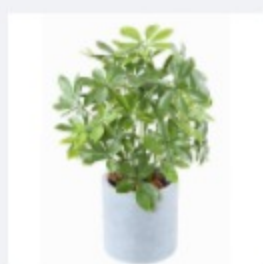

You discovered it in Avant Première at the Paysalia fair at the beginning of December, we released our new V10 Catalog, shipments are in progress, feel free to come back to us for any questions.

In this Newsletter, I present to you very different products : artificial plants for Outside, Olive trees, new Hydrangeas, new falls ... I let you discover them.

See you,
Emeline

New products of January month : 07/01/2022

SCHEFFLERA POT PLAST UV - 90 cm
Ref : 21454-UV71

We have declined this recent foliage in different plants. They are suitable for Outdoor and complete the Schefflera Bush plast UV in 90 cm (ref : 11962-UV71). These quite wide plants are sure to make an impact.

SCHEFFLERA BUSH PLAST UV - 110 cm
Ref : 11863-UV71

CHOISYA TREE PLAST UV - 150 cm
Ref : 11944-UV71

We continue with the same foliage, but in a tree / shrub version. This foliage looks like the natural foliage of the Mexican orange blossom, hence their name of Choisya.

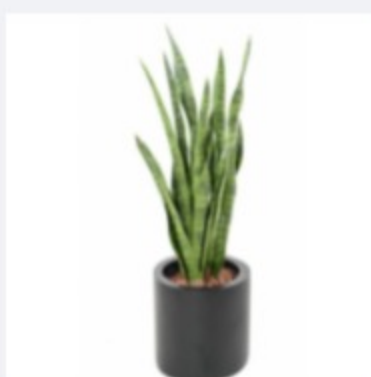

CHOISYA TREE PLAST UV - 180 cm
Ref : 11945-UV71

Sansevieria

Ref : 21452-71

Height : 85 cm

Sansevieria is a very famous interior plant thanks to its robustness and its very graphic aspect. The leaves of this plant lend themselves so well to the artificial, that everyone will wonder if it is a real or a false plant.

Olive tree 150 cm
Ref : 10504-71

Our Olive trees are very popular for bringing a little Mediterranean touch to the interior. Great value for these 2 new models : simple and efficient.

Olive tree 180 cm
Ref : 10505-71

Dracaena Fragans Stud

Ref : 17416-71

Height : 60 cm

The Dracaena comes to us from islands, it is also called dragon tree. This new model will be ideal inside a bookcase for example to bring an escape touch.

Hydrangea large - 65 cm
Réf : 4236-14

Hydrangea is widely used in dried flowers, the advantage of artificial is that the flower is less fragile, can be lasted for a very long time and cleaning is easier than for dried flowers.

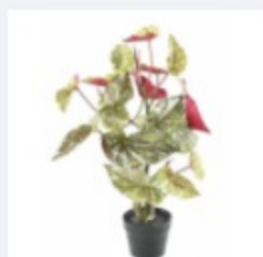

Hydrangea large - 65 cm
Ref : 4236-80

Bamboo New UV Résistant

Ref : 1516-UV71

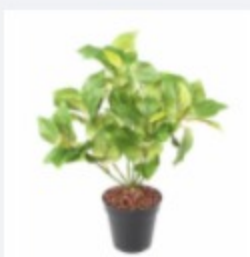

Height : 210 cm

New size in UV resistant for this bestseller. This bamboo has Tergal foliage (= synthetic fabric) that we treat against UVs during manufacturing. He will therefore be able to go outside without problem, however, sheltered from wind.

Begonia maculata - 70 cm
Ref : 26127-71

Desire to propose something else to your customers : this Begonia maculata will stand out with its characteristic foliage. This Coleus in stake can be used as a small plant or also in your green walls.

Coleus V - 40 cm
Ref : 26123-71

Coleus Fall R - 96 cm
Ref : 26120-36

Coleus Fall VF - 96 cm
Ref : 26121-71

Coleus Fall V - 96 cm
Ref : 26122-70

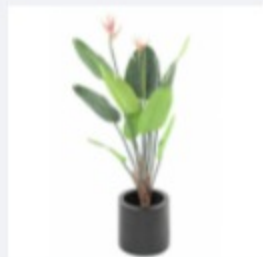

Aralia Fall A - 96 cm
Ref : 26124-81

New very different, very colorful falls to let your imagination taking over and create original plant decorations or green walls. All these falls are in Tergal for indoor uses.

Syngonium Fall - 60 cm
Ref : 26125-73

Strelitzia 10F 2FL - 120 cm
Ref : 26128-71

We end this Newsletter with this plant, which is synonymous with sun and travel : the Bird of Paradise. These 2 new models will be perfect to install them in restaurants for instance.

Strelitzia 11F 3FL - 150 cm
Ref : 26129-71
