

Newsletter N12 – November 5th 2020

Hello,

During these difficult times, let's escape for a few moments by discovering all our latest New products. Plant decoration is very trendy nowadays, give free rein to all your projects by proposing original and easy to live arrangements.

Take care,
Emeline

New products of November month : 05/11/2020

Yucca Rapier 150

Ref : 14724-71

Height : 150 cm

These rigid leaves in a rosette, long and slim suggest a rapier : long and thin sword, hence it's name. This 5 trunks Yucca will not leave anyone indifferent, it comes in addition to the 2 trunks Yucca Rapier ref : 14603-71

Areca - Height : 100 cm
Ref : 26108-71

2 new Arecas which will certainly be the best sellers very soon. Very bright and elegant shrubs thanks to its thin light green and darker green leaves. Excellent value for money : you will love them !

Areca - Height : 70 cm
Ref : 26109-71

Bamboo Mini Pot 45

Ref : 26112-71

Height : 45 cm

This new bamboo with small leaves will bring a touch of zen to your compositions. Its huge advantage is to suit with any theme in terms of decoration.

Callisia - 55 cm
Ref : 26110-71

2 new very trendy falls nowadays, to install in suspensions or to integrate your green walls. For suspensions, feel free to put several falls to have some volume.

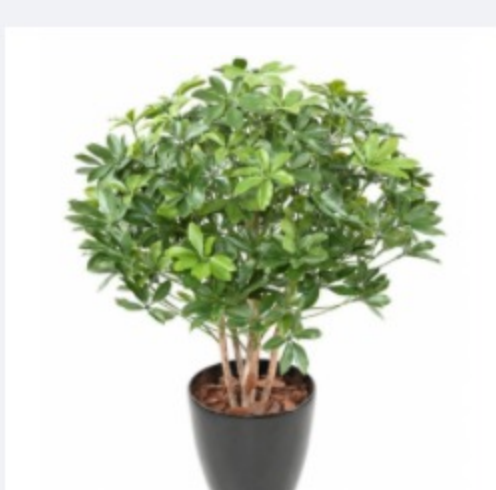

Crassula Kleinia (pearl necklace) - 60 cm
Ref : 26111-71

Schefflera Bush Plast UV

Ref : 11862-UV71

Height : 90 cm

Preview : product will arrive in Mid-December. Due to the strong demand for outdoor products, this Schefflera, under its false air of Choisya ternata (Mexican orange tree), will quickly find its place among our products with Universe: Outside.

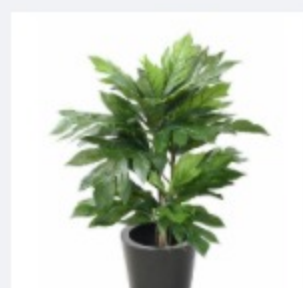

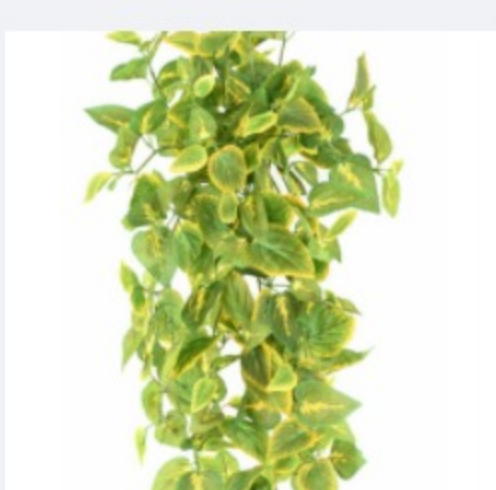

Coleus Fall 75

Ref : 25251-83

Height : 75 cm

Coleus is a plant well known for its colorful foliage. There is already a fall version and a stake plant in red, this luminous fall completes our range, Coleus Green/Yellow is also available as a stake plant.

Artrocarpus altilis (breadfruit tree) - 100 cm
Ref : 23496-71

Originally from Oceania, the Breadfruit tree was then introduced in the West Indies for instance, not very well known in Europe, these 2 trees with very realistic leaves will stand out for their originality, long live diversity !

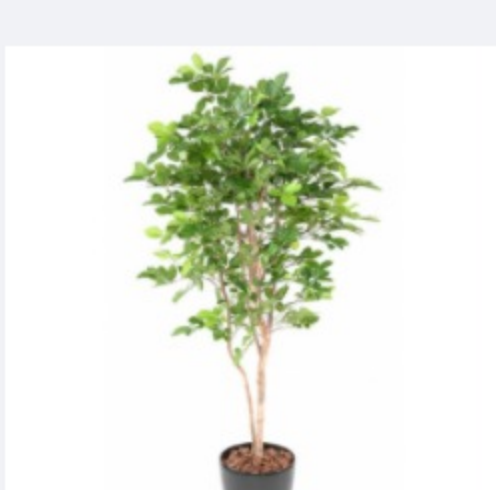

Artrocarpus altilis multi trunks (breadfruit tree) - 200 cm
Ref : 11855-71

Beech Grandifolia

Ref : 11834-71

Height : 160 cm

New size for this recent range : Beech Grandifolia. This height is ideal for placing in offices, waiting rooms ... Feel free to install it in a Fiberstone planter and you're done.

Cylinder Fiber Black - Ht : 20 cm, diam : 20 cm
Ref : FINED2020N

Round Tapered Fiber Black - Ht : 23.5 cm, diam : 29.5 cm
Ref : FINED3329N

Round Lotus Fiber Black - Ht : 53 cm, diam : 60 cm
Ref : FINED6053N

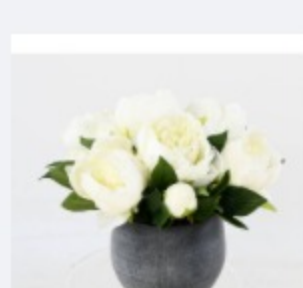

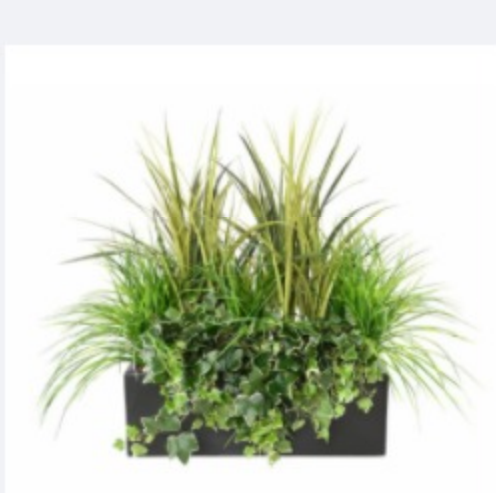

Precisely, here are 3 new planters in Fiberstone. The small cylinder in order to install low plants, the conical round for plants of +/- 1m and the very large Lotus for trees over 3m for example.

Balconniere Graminee 2

Ref : B002

Height : 80 cm

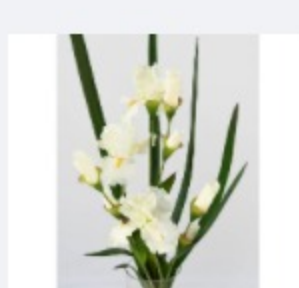

Great composition assembled on demand in our workshops in Baudreville. It is suitable for Outdoor, therefore, perfect for a balcony or a terrace.

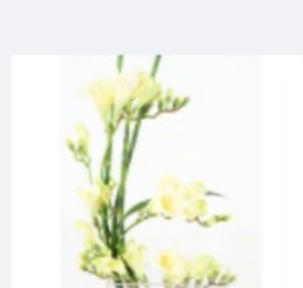

Composition White Peonies - 30 cm
Ref : G067

Bouquet Iris purple - 80 cm
Ref : G068

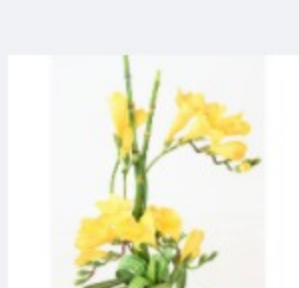

Bouquet Iris white - 80 cm
Ref : G069

Bouquet Freesia white - 60 cm
Ref : G70

5 Single species flower arrangements : simple, sober and effective. Which one will you choose ? Abundance with Peony, Grace with Iris or Elegance with Freesia.

Bouquet Freesia yellow - 50 cm
Ref : G071

Bouquet Jasmine & Hydrangea

Ref : G072

Height : 35 cm

Large Bouquet in Green and White with a touch of Orange. Always very practical to have a bouquet already done in our workshops, but you can also find all our cut flowers and foliage on our website to create your own compositions.

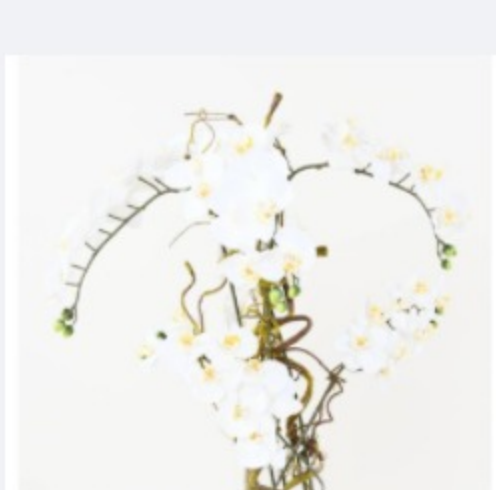

Composition of Phalaenopsis

Ref : G073

Height : 80 cm

And we end with a composition that changes from the traditional pot of Phalaenopsis. This decorative branch brings a wild side, an invitation to a little trip to the tropical forest.
